

## Oak Grove Golf Group & Roseville Golf

Agree to the following Relationship

February 26<sup>th</sup>, 2018

The Oak Grove Golf Group (OGGG) agrees to have Roseville Golf manage our tournament prize money based on the following provisions. Each member of the OGGG will be listed individually and their winnings put on account in their names.

The money in the individual golfer's accounts may be used for:

- The purchase of merchandise in the pro shops at Diamond Oaks and Woodcreek
- The purchase of Range balls at either course
- Lessons from any of the teaching professionals at either course

In addition the members of OGGG will have "preferred" status at both of these golf courses which entails:

- A ten percent discount on the purchase of all merchandise in the pro shops (except sales items already marked down).
- Receiving the maximum "volume discount" for green fees and carts when playing in OGGG tournaments. (Right now <2018> the normal charge for play with green fees and a cart is \$42.00 / Oak Grove members will pay \$39.00).
- All OGGG walkers currently pay \$26

Please note: Individual members may be cashed out of their account upon request to Roseville Golf management under the following circumstances. In each case Roseville Golf will write a check to the individual (or family member in the event of death).

- They are moving out of the area and will no longer be playing golf in Roseville.
- They develop physical conditions which prevent them from continuing to play golf.
- When an individual dies the family may request the money that is in the account.

Oak Grove G. G. is not be identified as an entity with Roseville Golf. As a result it is important to understand that each member is responsible for their own account and that the club (OGGG) cannot act in behalf of its members. Oak Grove G. G. management can pass information to both their individual members and Roseville Golf when something needs attention, but then it is up to the individual to work with the pro shops to make their purchases, request lessons and resolve any misunderstandings.
